Date and signature: .....

---

DDA draws attention to the fact, that by signing the requisition and by starting to use the data, the user is obliged to keep the following conditions of use.

- The data must not under any circumstances be used for commercial aims neither directly nor indirectly.
- The data and other material delivered by DDA may only be used for scientific and statistical aims and reporting of aggregated information. The data may not be used to investigate information about specific persons or specific organisations.
- The data may not under any circumstances or in any form be passed on to third parties. The data may only be used by the persons mentioned in the project description.
- The data may only be used for the purpose stated in the project description.
- Any substantial alteration in the stated aims of the project requires renewed application.
- All publications based on the material delivered by DDA, must give credit to DDA as well as primary investigators by appropriate bibliographical reference
- All publications must be sent to DDA in three copies. DDA will see to it that one copy is sent on to the primary investigator.
- The data must be returned to DDA or destroyed after use.
